

# UConn

## Eco-Digital Storytellers

**FREE**  
program!

EDS engages high school student-teacher teams to create community-focused digital media environmental action projects

**3 school day field trips to the UConn Storrs campus**

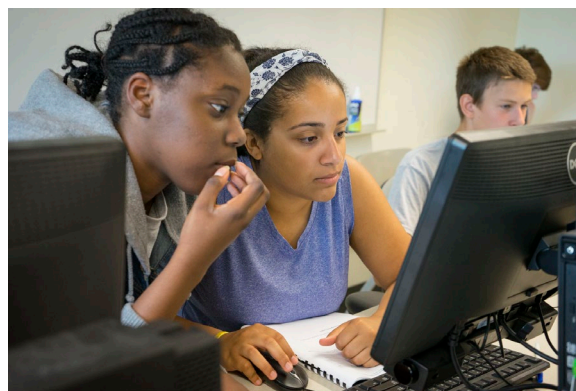

lunch & bus transportation provided

**Access to resources & technology** (camera, laptop, software)

**Support from UConn faculty & undergraduate mentors**

### **Gain Skills** (Nov & Dec)

What does it mean to tell a great story? Learn how to use digital media and mapping technology to spotlight the environment in your community!

### **Take Action** (Dec-April)

With the help of UConn mentors, teams create a compelling environmental story using student-generated film, photos, maps, and/or animation.

### **Share Ideas** (March)

Connect with environmental and media professionals! Give and receive feedback as teams from across CT share their progress and project goals.

### **Celebrate** (May)

Join us as we recognize all the EDS projects at an exciting showcase event!
